Osmosis

Member Of The Board Of Advisors
June 2018 - Present (2 years 1 month)
Antwerp Area, Belgium

Osmosis aims to make Belgium, Europe and even the universe, the best place for customers to do their financial transactions. Financial services which are more transparent, simple and delivering intensified customer value. This can range from changing the way you pay for a sandwich to accelerating the mortgage loan process by developing a decentralized platform for collaterals.

Watson Creative Agency

Member Of The Board Of Advisors
December 2016 - Present (3 years 7 months)
Antwerp Area, Belgium

Net als Sherlock, hebben alle helden nood aan een Watson. Maar ook jullie, de helden van vandaag, hebben nood aan betrouwbare partners.

Daarom biedt Watson een eenvoudige oplossing. Wij zijn een creatief bureau gespecialiseerd in grafisch ontwerp, met een unieke aanpak. Elke opdracht wordt gematcht met de meest geschikte ontwerper. Nadien komt deze bij u ter plaatse om de opdracht uit te voeren. Geen eindeloze e-mails of miscommunicatie, maar meteen alle mogelijkheden aftasten, real-time bijsturen en snel resultaat.

bpost

Director Advisory & Partnerships Future Lab January 2018 - July 2018 (7 months)

The Future Lab is a new innovation department within bpost. We focus on the transformation of commerce with a strong focus on the end-consumer. We solve current and future user needs with the help of disruptive technologies. We work in an entrepreneurial team where experimentation is our core focus.

Don't hesitate to contact me if you have a great idea, project or company you would like to discuss => christophe@bpostfuturelab.com

Parcify

Chief Commercial Officer & Head of Finance (acquired by bpost)
December 2015 - February 2018 (2 years 3 months)

Parcify is a mobile delivery app and platform which offers convenience based shipping of parcels within cities. It connects retail stores with local couriers, enabling anyone to deliver anything at any time at anyplace. E-Commerce platforms can offer customers Parcify's delivery services right at the checkout, using the Parcify API. Parcify uniqueness consists of geolocation technology combined with an innovative crowd-logistics platform which enables predictiveness of a parcel towards the end consumer.
